

STRENGTH-BASED

CLIENT-CENTERED

FAMILY-FOCUSED

TRAUMA-INFORMED

Since 1993 Abraxas Ohio has been serving youth and families through our partnerships with juvenile court systems and child caring agencies throughout the state of Ohio.

Youth referred to our programs have complex treatment needs, often presenting with co-existing conditions such as substance abuse and mental health disorders, family dysfunction, trauma and abuse histories. In response, we utilize evidence and competency based curricula and we have adopted the Sanctuary® Model as the framework for treatment.

At the Residential Treatment Center in Shelby, Ohio we offer two specialized treatment programs:

**Substance Abuse Treatment Services**

- Adolescent males ages 12 -21
- Length of treatment based on ASAM criteria
- All treatment services provided by licensed clinicians

**Behavioral Health Treatment for Adolescent Males Involved in Sexual Offenses / Sexually Abusive Behavior**

- Adolescent males ages 12 -21 with a history of sexual offending or sexually abusive behavior
- Adjudicated and non-adjudicated
- Treatment services provided by licensed mental health clinicians

# COMMUNITY BASED PROGRAMS

IN ADDITION to our residential treatment services on our Shelby campus, Abraxas offers community based counseling through four different Abraxas Counseling Center locations:

- Cincinnati
- Cleveland
- Columbus
- Mansfield

For youth returning to communities near our Counseling Centers, we are able to make a seamless transition of treatment services to a lower level of continuing care.
